

**B.C. Balanced Plan to Lift Restrictions as of April 4, 2022**

**Face Covering Order: optional and personal choice.**

**Organizations may choose their requirement**

**Vancouver Montessori School**

VMS continues to require visitors to wear a mask, recommends vaccination, hand sanitizing and sign in with a wellness check.

VMS recommends mask wearing for staff and students, but recognizes choice and respects that choice.

VMS continues with hand washing protocols for both staff and children.

VMS continues with barriers at Elementary shared tables and Pre-school/Extended Day snack table.

VMS continues with no sharing food policy.

VMS continues to ask everyone to stay home if unwell and inform the school.

VMS continues with cleaning protocols of common area twice a day (once a day is now the requirement).

Vaccines are the primary tool for managing the virus. VMS cautiously lifts layers of protection in line with the Ministry of Health, Ministry of Education and WorksafeBC.

VMS wishes everyone a safe, healthy and happy spring break! The office is closed over the break and emails will be answered when we return the week of April 4.
